

NORTHERN ILLINOIS DISTRICT

COMMENTS for map type #2:

This map was created using a “copy map” feature within the Maptitude program. If you zoom in, you will see that the postal names are readable, and they are readable if the map is printed. However, the program was unable to copy our postal logo ... and depending on the zoom level, portions of the map may not appear in proportion to the rest of the map. -- Jane Turquois, OPS, 630-260-5509 - July 11, 2002.
